MAIN AUDITORIUM

NOBLE HALL

PhD DISSERTATION ROOM

07:30 Registration desk opens

09:00  
10:30

**OPENING CEREMONY**  
followed by  
**ANDRÉ ALLARD LECTURE**  
Clearing passengers for space travel  
- challenges and solutions  
*Duncan Hughes*

10:30  
11:00

Coffee break

11:00  
12:30

**COMMERCIAL SPACE FLIGHT SYMPOSIUM**  
*Chairs: Duncan Hughes, Edson Oliveira*

11:00 - 11:10  
**Commercial spaceflight: scoping review methods**  
*Tamara Averett-Brauer*

11:10 - 11:16  
**Musculoskeletal team**  
*Tejal Gala*

11:16 - 11:22  
**Gastrointestinal|Nutrition team**  
*Ulysse Comte*

11:22 - 11:28  
**Immunology team**  
*Satyam Patel*

11:28 - 11:34  
**Pulmonary team**  
*Lauren Church*

11:34 - 11:40  
**Psychology|Behavioral health team**  
*Basil Spyropoulos*

11:40 - 11:46  
**Women's health team**  
*Satyam Patel*

11:46 - 11:52  
**Neuro-Ophthalmology team**  
*Rafael Tiza Fernandes*

11:52 - 11:58  
**Cardiovascular team**  
*Gwen Owens*

11:58 - 12:04  
**Otolaryngology team**  
*Tom Hoffman*

12:04 - 12:10  
**Dental team**  
*Victor Lloro*

12:10 - 12:30  
**Discussion**

**CLINICAL AVIATION MEDICINE-MENTAL HEALTH**  
*Chairs: Luisa Guimarães, Robert Orford*

11:00 - 11:15  
**Depression anxiety and stress levels of cabin crew**  
*Busra Gulecer*

11:15 - 11:30  
**Harmful use of anabolic substances by a pilot**  
*Elisabeth Wanner*

11:30 - 11:45  
**Civil-military synergies in risk assessment**  
*Anthony S Wagstaff*

11:45 - 12:00  
**Impact of a mental health questionnaire in aeromed**  
*Tatiana Santiago*

12:00 - 12:15  
**Maintenance & control system for pilot mental health**  
*Yanhua Liu*

12:15 - 12:30  
**Discussion**

**HUMAN FACTORS AND PERFORMANCE**  
*Chairs: Glória Magalhães, Sally Evans*

11:00 - 11:15  
**Analysis of Turkish civil aviation accidents**  
*Erdinc Ercan*

11:15 - 11:30  
**Xtreme crash survival-40 days in the Amazon jungle**  
*Diego M Garcia*

11:30 - 11:45  
**The six levels of aviation professionals under detection**  
*Trang Dao*

11:45 - 12:00  
**Technology and the future of aviation medicine**  
*John S Crowley*

12:00 - 12:15  
**Navigating aviation dentistry: an in-vitro study**  
*Mohinder Panwar*

12:15 - 12:30  
**Discussion**

12:30  
14:00

Visit to CEMA (pre-booked only, no exceptions)  
Meeting Point: Aula Magna, Secretariat front Desk

12:30  
14:00

Lunch break

MAIN AUDITORIUM

NOBLE HALL

PhD DISSERTATION ROOM

14:00  
15:30

**TRAVEL MEDICINE - OLD AND NEW ISSUES**  
*Chairs: Paulo Alves, Sofia Carlos*

14:00-14:15  
**Airborne microorganisms In aircraft cabin**  
*Tiebing Liu*

14:15-14:30  
**Contagious diseases, vectors and air-transport**  
*Jörg Siedenburg*

14:30-14:45  
**Defying malaria - risk management**  
*Sofia Carlos*

14:45-15:00  
**ENT aeromedical incapacity to work for aircrew after COVID**  
*Jean Couturier*

15:00-15:15  
**Physiological changes during flights that may affect the outcome of plastic surgeries in aesthetic medical tourism**  
*Brian Ramirez Martinez*

15:15-15:30  
**Discussion**

**CLINICAL AVIATION MEDICINE - CARDIOLOGY**  
*Chairs: Ana Afonso, Maria João Marta*

14:00-14:15  
**International screening for heart disease**  
*Eddie Davenport*

14:15-14:30  
**Navigating the skies with heart: septal defects**  
*Pedro Pinto*

14:30-14:45  
**Expert tactics for examination of pilots with ischemic heart disease (IHD) in ICAO member countries**  
*Alexey Dorofeev*

14:45-15:00  
**CT-based cardiovascular screening of German pilots**  
*Hans-Jürgen Noblé*

15:00-15:15  
**Gut microbiota's cardiovascular impact in space**  
*Elene Nikoleishvili*

15:15-15:30  
**Discussion**

**HUMAN PROTECTION - REACHING THE EXTREME**  
*Chairs: Claudia Stern, Helena Ribeiro*

14:00-14:15  
**Spinal injuries during ejection predicted vs real**  
*Narinder Taneja*

14:15-14:30  
**Abnormal audiogram risk factors – military aircrew**  
*Benjamin Zhi Qiang Seah*

14:30-14:45  
**Injury patterns in 3 recreational air sports**  
*Geoffrey W McCarthy*

14:45-15:00  
**Heat stress screening considerations for aviation**  
*Wiaam Elkhatib*

15:00-15:15  
**Understanding neurobiology of pilot performance**  
*Paul M Sherman*

15:15-15:30  
**Discussion**

15:30  
16:00

Coffee break

16:00  
17:30

**ERNSTING PANEL AVIATION PREPAREDNESS FOR PUBLIC HEALTH STARTLEDNESS AND SURPRISE**  
*Chairs: Ansa Jordaán, David Powell*

16:00-16:15  
**A local perspective on infectious outbreaks**  
*Maria João Martins*

16:15-16:30  
**A global perspective on infectious outbreaks**  
*Brian McCloskey*

16:30-16:45  
**Radiation events**  
*João Oliveira Martins*

16:45-17:00  
**Bioterrorism events**  
*Matthew Adam*

17:00-17:15  
**Public concern, illness perception, and managing communications**  
*Keith Petrie*

17:15-17:30  
**Discussion**

17:30  
19:30

**WELCOME DRINK (Port of Honour)**  
preceded by

**CELEBRATING 100 YEARS OF THE FIRST PORTUGAL-MACAU AIR JOURNEY**  
*Rafael Martins*

# PROGRAMME

3 OCTOBER

4 OCTOBER

5 OCTOBER

Study / Technical visits

MAIN AUDITORIUM

NOBLE HALL

PhD DISSERTATION ROOM

08:00 Registration desk opens

08:30  
10:00 **CLINICAL AVIATION MEDICINE - FROM COMMON TO UNUSUAL**  
*Chairs: Francisco Rios Tejada, Pedro Pinto*

08:30 - 08:45  
**Analysis of allergic rhinitis in Chinese civil aviation**  
*Yin Bai*

08:45 - 09:00  
**Effect of HBOT on hearing outcome in ISSNHL**  
*Biswajit Bhowmick*

09:00 - 09:15  
**Gold standard? Pilot's suspected kidney stone**  
*Liang Cui*

09:15 - 09:30  
**Medical certification with cancer - return to duty**  
*Cátia Silva*

09:30 - 09:45  
**Birt-Hogg-Dube syndrome - A challenge to the AME**  
*Cátia Saraiva*

09:45 - 10:00  
**Discussion**

**SPACE PHYSIOLOGY ABC WORKSHOP**  
*Chairs: Ronak Shah, Thais Russomano*

08:30 - 08:55  
**The human body in space**  
*Thais Russomano*

08:55 - 09:15  
**Mental and behavioural health**  
*Phil Brady, Chip Dukes*

09:15 - 09:30  
**Space pharmacology**  
*Marlise Santos*

09:30 - 09:45  
**Radiation and health risks**  
*Edson Oliveira*

09:45 - 10:00  
**Discussion**

**MILITARY SYMPOSIUM - MISSION FIRST**  
*Chairs: Marcos Cabral, Pedro Reis*

08:30 - 08:45  
**Medical evacuations and search and rescue missions in Portuguese Air Force**  
*Isabel Sousa*

08:45 - 09:00  
**NEO Operation from a medical perspective**  
*Gabriel Sánchez López*

09:00 - 09:15  
**Aeromed aspects of future vertical lift aircraft**  
*John S Crowley*

09:15 - 09:30  
**High performance program for flying personnel in Portuguese Air Force**  
*Ingrid Rosário*

09:30 - 09:45  
**Physical and cognitive performance - effects of 15-day deployment in Portuguese Air Force**  
*Catarina Matias*

09:45 - 10:00  
**Discussion**

10:00  
10:30 Coffee break

10:30  
12:00 **EASA MEDICINE RESEARCH ACTIVITIES**  
*Chairs: Cristian Panait, Pedro Caetano*

10:30 - 10:45  
**EASA MED Research Activities Update**  
*Pedro Caetano*

10:45 - 11:00  
**MESAFE project (DeepBlue)**  
*Paola Tomasello*

11:00 - 11:15  
**Diabetes in pilots and ATCOs project (Medical University of Graz)**  
*Gerd Köhler*

11:15 - 11:30  
**CaVD-PACE project (ESAM)**  
*Ries Simons*

11:30 - 11:45  
**VISION project (EASA)**  
*Cristian Panait*

11:45 - 12:00  
**Discussion**

**SPACE PHYSIOLOGY ABC WORKSHOP**  
*Chairs: Ronak Shah, Thais Russomano*

10:30 - 10:45  
**Challenges of space surgery**  
*Danielle Carroll*

10:45 - 11:00  
**Why parabolic flights are important**  
*Vladimir Pletser*

11:00 - 11:15  
**Space medicine research**  
*Gonçalo Torrinha*

11:15 - 11:30  
**Future of aerospace medicine education**  
*Ronak Shah*

11:30 - 11:45  
**Challenges and opportunities for human spaceflight exploration for young agencies**  
*Hugo Costa*

11:45 - 12:00  
**Discussion**

**MILITARY SYMPOSIUM**  
*Chairs: Marcos Cabral, Pedro Reis*

10:30 - 10:45  
**The impact of fatigue on safety attitudes: the influence of recovery processes and organizational resilience**  
*Pedro Piedade*

10:45 - 11:00  
**Sleep apnea in US army aviators, 1997-2022**  
*John Caldwell*

11:00 - 11:15  
**USAF pilot applicant DQ medical conditions FY21-23**  
*Hernando Ortega*

11:15 - 11:30  
**Psychiatric issues and military aircrews fitness**  
*Laëtitia Marion*

11:30 - 11:45  
**Can a military crew with a brain lesion be fit?**  
*Jonathan Monin*

11:45 - 12:00  
**Discussion**

12:00  
13:30 **IAASM General Assembly**

12:00  
13:30 **Visit to CEMA (pre-booked only, no exceptions)**  
Meeting Point: Aula Magna, Secretariat front Desk

12:00  
13:30 Lunch break

13:30  
14:15 **AYRES MONTENEGRO LECTURE**  
**Journey to Mars: hands-on experience**  
*João Lousada*

MAIN AUDITORIUM

NOBLE HALL

PhD DISSERTATION ROOM

14:15  
15:30 **SEMA General Assembly**

DEANS ROOM

14:15  
15:30 **MULTIDISCIPLINARY INNOVATIONS**  
*Chairs: Anthony Wagstaff, Felice Strollo*

14:15 - 14:30  
**Synthetic biology in space medicine and innovation**  
*Nesrine Ramadan*

14:30 - 14:45  
**Melatonin action in low magnetic field**  
*Virginia Wotring*

14:45 - 15:00  
**Skill fade in long-duration space missions**  
*Anushka Gupta*

15:00 - 15:15  
**Virtual reality training for extreme environments**  
*Carole Dangoisse*

15:15 - 15:30  
**Discussion**

**PHYSIOLOGY - NEWS FROM THE CORE**  
*Chairs: John Barson, Paola Verde*

14:15 - 14:30  
**Aero 101 for aeromedical doctors**  
*Geoffrey W McCarthy*

14:30 - 14:45  
**Practical training in aviation physiology**  
*Elena Cataman*

14:45 - 15:00  
**Validation of hypoxia signature**  
*Kasture Shivani Laxman*

15:00 - 15:15  
**Cortisol & personality & pilots candidate performance**  
*Jose Juan Nogales de la Torre*

15:15 - 15:30  
**Discussion**

**JOINT PORTUGAL - BRAZIL CONFERENCE**  
*Chairs: Flora Rodrigues, Rosirene Gesinger*

**Panorama of health issues in commercial aviation in the Portuguese-speaking world**  
*Cenário das Questões de Saúde na Aviação Comercial no Espaço Lusófono*  
*Chairs: Flora Rodrigues, Rosirene Gesinger*

14:15 - 14:30  
**Context and legal aspects of aeromedical certification in Brazil**  
*Contextos e aspectos legais da certificação médica, Brasil - RBAC, ANAC Brasil*  
*Rosirene Gessinger*

14:30 - 14:45  
**Context and legal aspects of aeromedical certification within EASA**  
*Contexto e aspectos legais da certificação EASA*  
*Luís Cardoso Ribeiro*

14:45 - 15:00  
**Innovative methodologies for cabin crew first-aid training**  
*Metodologias inovadoras no treino de tripulantes de cabine em primeiros socorros*  
*Luísa André*

15:00 - 15:15  
**Teaching Aerospace Medicine to pilots: 25 years of experience**  
*Ensino de Medicina Aeroespacial para pilotos, 25 anos de experiência*  
*João Castro*

15:15 - 15:30  
**Discussion**

15:30  
16:00 Coffee break

16:00  
17:15 **CLINICAL AVIATION MEDICINE - MENTAL HEALTH**  
*Chairs: Roland Vermeiren, Rui Correia*

16:00 - 16:15  
**Fear of flying: classification & characteristics**  
*Jose Mirabal*

16:15 - 16:30  
**Nyctophobia resulting in air crash: a case report**  
*Dandaithapani Thyagarajan*

16:30 - 16:45  
**Psychological status of a sample of pilots**  
*Adela González*

16:45 - 17:00  
**Bariatric surgery and alcohol use in pilots**  
*Priscila de Miranda Freitas*

17:00 - 17:15  
**Discussion**

**SPACE - EXTREME ENVIRONMENTS**  
*Chairs: David Gradwell, Ellis Boudreau*

16:00 - 16:15  
**Paradigm shift in spaceflight medical acceptance**  
*James Vanderploeg*

16:15 - 16:30  
**Space 101 and other stardust maladies**  
*Kenneth Jeffrey Myers*

16:30 - 16:45  
**Space medicine update in commercial space flights**  
*Melchor J Antuñano*

16:45 - 17:00  
**ISS commercial crew program & aeromed challenges**  
*Joseph P Dervay*

17:00 - 17:15  
**Discussion**

**JOINT PORTUGAL-BRAZIL CONFERENCE**  
*Chairs: Flora Rodrigues, Rosirene Gesinger*

16:00 - 16:15  
**Medical education in aviation medicine**  
*Formação médica em medicina aeronáutica*  
*Vânia Melhado*

16:15 - 16:30  
**Inflight emergencies**  
*Emergência em voo*  
*Paulo Alves*

16:30 - 16:45  
**Sanitary control challenges in Africa - inputs from Mozambique and São Tome and Principe**  
*Desafios do controlo sanitário em África - Inputs de Moçambique e São Tomé e Príncipe*  
*Hélder Lopes, Edgar Neves*

16:45 - 17:00  
**Dengue and other emerging infectious diseases**  
*Dengue e outras doenças emergentes*  
*Ricardo Cantarim*

17:00 - 17:15  
**Discussion**

19:30 **Academics' Dinner**  
(for pre-registered Academics and their accompanying persons only)

POSTER

MAIN AUDITORIUM

NOBLE HALL

PhD DISSERTATION ROOM

08:00 Registration desk opens

**CERTIFICATORY FAA-ARC**  
(aviation Rule Making Committee):  
Review and implications on aviation  
mental health and medical certification  
*Chairs: Quay Snyder, Susan Northrup*

08:30 - 08:45  
**Barriers Identified - perspectives**  
from pilot organizations and airlines,  
training groups  
*Quay Snyder*

08:45 - 09:00  
**Safe haven concept in Australia**  
*Kate Manderson*

09:00 - 09:15  
**MESAFE and EASA perspective on MH**  
approaches  
*Cristian Panait*

09:15 - 09:30  
**SMS approach to mental health and**  
operational controls  
*William Hoffman*

09:30 - 09:45  
**FAA perspective on ARC**  
recommendations  
*Susan Northrup*

09:45 - 10:00  
**Discussion**

**CLINICAL AVIATION MEDICINE**  
- OPTHALMOLOGY  
*Chairs: André Gonçalves, Claudia Stern*

08:30 - 08:45  
**A new occupational color vision test**  
for aviation  
*Peng Dingqiong*

08:45 - 09:00  
**Laser and refractive surgery in pilots**  
*João Ribeiro Mendes*

09:00 - 09:15  
**Flight target identification after CRCS**  
in pilots  
*Mingyue Zhang*

09:15 - 09:30  
**Cosmic radiation: cabin crew cataract,**  
mith or reality?  
*Andrea Mazzoni*

09:30 - 09:45  
**Impact of +9 Gz accelerations on**  
pilots' retina  
*Katarzyna Sowa*

09:45 - 10:00  
**Discussion**

**POSTER SESSION**  
*ESAM Best Poster Award Jury*

**Rapid Fire presentations**

10:00 Coffee break

**ESAM AME REFRESHER COURSE**  
*Chairs: Declan Maher, Ries Simons*

10:30-10:35  
**Welcome**  
*Ries Simons, Declan Maher*

10:35 - 11:00  
**Mental status examination: clinical**  
tools from MESAFE  
*Diederik de Rooy*

11:00 - 11:25  
**Risk assessment of mental**  
incapacitation events  
*Paola Tomasello*

11:25 - 11:30  
**Discussion**  
*Ries Simons*

11:30 - 11:55  
**AME: "Back to the roots, or what did**  
Harrison say?"  
*Francisco Rios Tejada*

11:55 - 12:25  
**Cardiac arrhythmias and conduction**  
abnormalities: aeromedical risk  
*Norbert Guettler, Elena Cataman*

12:25 - 12:30  
**Discussion**  
*Ries Simons*

**CLINICAL AVIATION MEDICINE - SPACE**  
*Chairs: Carolina Moreira, François Bernard*

10:30 - 10:45  
**NASA-Kennedy SC biomedical**  
support of Artemis I  
*Philip J Scarpa*

10:45 - 11:00  
**Biomechanics of the human gait on**  
the Moon & Mars  
*Duarte Conchinhas*

11:00 - 11:15  
**Intracranial pressure and SANS:**  
systematic review  
*Gabriela Alves Rodrigues*

11:15 - 11:30  
**Non-invasive methods for**  
measurements of ICP  
*Inês Amaro Catorze*

11:30 - 11:45  
**Teamwork during a lunar analog**  
mission in Portugal  
*Pedro Marques-Quinteiro*

11:45 - 12:00  
**Research experience of the CoIAF**  
Colombian Air Force in Antarctica  
*Cesar Gomez*

12:00 - 12:15  
**Discussion**

**MULTIDISCIPLINARY INNOVATIONS**  
*Chairs: Gonçalo Torrinha, Melchor Antuñano*

10:30 - 10:45  
**Evaluation of system design**  
practices for incorporation  
*Katie Harris*

10:45 - 11:00  
**Prediction of blood flow and**  
pressure in microgravity  
*Michele Nigro*

11:00 - 11:15  
**Early detection and evaluation of**  
respiratory disorder  
*Annette Sobel*

11:15 - 11:30  
**Can Pulse Transit Time (ptt) be used**  
as a predictor?  
*Krzysztof Kowalczyk*

11:30 - 11:45  
**Objective fatigue management**  
during pilot training  
*Botond Szűcs*

11:45 - 12:00  
**Discussion**

12:30 ESAM General Assembly

12:00 Lunch break

12:00 Visit to CEMA (pre-booked only, no exceptions)  
Meeting Point: Aula Magna, Secretariat front Desk

MAIN AUDITORIUM

NOBLE HALL

PhD DISSERTATION ROOM

**HUMAN FACTORS - FATIGUE**  
*Chairs: Cristiana Silva, Jeffrey Sventek*

13:30 - 13:45  
**Research on fatigue of air traffic**  
controllers  
*Qingyan Li*

13:45 - 14:00  
**Fatigue: military and civilian flight**  
crews  
*Estela Cabral*

14:00 - 14:15  
**Serum cytokines & fatigue reflect**  
operations tempo  
*Niveta Ramakrishnan*

14:15 - 14:30  
**Research on pilot strength training**  
method  
*Yan Xu*

14:30 - 14:45  
**Psychometric capacity of a statistically**  
validated cut-point for initial class 1  
licenses  
*Montserrat Lucas Alvaro*

14:45 - 15:00  
**Discussion**

**CERTIFICATORY - LET'S TALK ABOUT...**  
*Chairs: Chun Chong, Marcos Miranda*

13:30 - 13:45  
**Aeromedical status after health-**  
related absences  
*Johana Giraldo-Alzate*

13:45 - 14:00  
**Proposed regulatory framework for**  
mental health  
*William Hoffman*

14:00 - 14:15  
**Substance use disorder abstinence**  
monitoring  
*Quay Snyder*

14:15 - 14:30  
**Outcomes of regulatory cabin crew**  
medicals  
*Justin Flatt*

14:30 - 14:45  
**Fit for flight after otosclerosis surgery**  
- about a clinical case  
*Mariana Correia*

14:45 - 15:00  
**Discussion**

**IBERIAN CONFERENCE**  
**The Forgotten Aviation Medicine**  
*La Medicina Aeronautica Olvidada*  
*A Medicina Aeronáutica Esquecida*  
*Chairs: Anabela Jorge, Carlos Velasco*

13:30 - 13:35  
**The Forgotten Aviation Medicine:**  
**Introduction**  
*Anabela Jorge, Carlos Velasco*

13:35 - 13:50  
**Analysis of risks associated with fire-**  
fighting in missions carried out by  
pilots of fixed or rotary wing single  
manned aircraft  
*Juan Manuel Millán López*

13:50 - 14:05  
**Emergency Operations. Are we**  
regulated?  
*Juan A Sinisterra Aquilino*

14:05 - 14:20  
**Skydiving: when the goal is to fall!**  
Human factors and regulations. What  
can we contribute?  
*Pedro J Moreno Lozano*

14:20 - 14:35  
**Clinical cases: cardiological problems**  
- discussion with the experts and the  
aeromedical authorities  
*AMEs, Brugada*

14:35 - 14:50  
**UAV: Challenges from the regulator**  
perspective  
*Fábio Camacho*

14:50 - 15:00  
**Discussion**

15:00 Coffee break

**AIRLINE - LET'S TALK ABOUT...**  
*Chairs: Christine de Vries, Elizabeth Wilkinson*

15:30 - 15:45  
**Comair pandemic defense and UV-C**  
disinfection  
*Kris M Belland*

15:45 - 16:00  
**Malignancies amongst aircrew in a**  
commercial airliner  
*Umesh Kumar Bhagavath*

16:00 - 16:15
